

Summary Report on “Engineer’s Day Celebration” on 15thSeptember, 2017

Engineering is not merely knowing and being knowledgeable; engineering is not merely analysis; engineering is not merely the possession of the capacity to get elegant solutions to non - existent engineering problems; engineering is practicing the art of the organized forcing of technological change.

Engineers operate at the interface between science and society. To identify the greatworks done by our hard working engineers each year 15thSeptember is celebrated as Engineers' Day marking the birth day of Sir Mokshagundam Visvesvaraya, recognizing his contributions in the field of hydel energy in India.

On this occasion, Veerayatan Institute of Technology & Veerayatan Polytechnic jointly organized various events to bring out the hard efforts of engineers and to bring their ideas from mind to market which was co-ordinated by cultural coordinators Mr. Brijesh Raychanda & Mrs. RaukiYadav.

Various technical and non-technical events were organized as mentioned below:

1. **Technical Rangoli:**Materials related to different engineering Branches/ Flower Petals/ Saw- dust/ Pulses/Rice without pasting were used.
2. **Paper Presentation:**In this event, students have presented their papers on different Innovations in recent trends of Engineering.
3. **Poster Presentation:** In this event, students have presented their posters on empowering young and future voters and given their views regarding voting in India.
4. **Group Discussion:**In this session, Students opened about contribution of engineers in technology and spoke about how environment and engineering should be balanced.
