Election Commission, New Delhi declare the year 2017 as “**Empowering Young and Future Voters**” year. The ‘Youth Disconnect’ with the electoral process was one of the focus of SVEEP programme. Various interventions were designed around the youth, with additional gender focus within this segment, to remove any information gap and to facilitate youth participation in elections. Motivational campaigns were taken up to mobilize youth and encourage them to register in the electoral roll and vote in elections.

So, Knowledge Consortium of Gujarat celebrate “**Yuva Matdar Mahotsav - 2017**” to encourage young voters to participate in electoral process. Under this Veerayatan Institute of Engineering also celebrate this event by organizing Poster Presentation Competition. The Department of Chemical and Civil had organized poster presentation on subject “Empowering Young and Future Voters”. The students were asked to prepare a poster on this topic. Many Students from different branches in 10 groups had enthusiastically participated in competition to share their views & thoughts about this topic.
