**Submitted by:** Prof Kishan Chande

---

### **I. BACKGROUND INFORMATION**

*Industrial training is mandatory to bridge the gap in the academic curriculum and in the industry. This helps the students to develop their skills and competencies in order to become employable. It provides an opportunity for students to apply theoretical knowledge acquired in the class room with practical application of knowledge required to perform a task. To meet this need, Arham Veerayatan Institute of Engineering, Technology and Research keep arranging industrial visit for the students. One such industrial visit was organized at Mother Dairy, Madhapar.*

### **II. SCHEDULE OF EVENTS**

The schedule of major departments which were visited was as under:

- Switching and Broadband Department
- D-Tax Department
- Power system Department

### **III. COMMENTS ON THE CONDUCT OF EVENTS**

*During the entire industrial visit, the organization was found to be very cooperative in every walk of its administrative and managerial aspects. The students acquired knowledge based on Networking & Mobile Communication. The students asked several questions and all the experts were happy to satisfy their queries. This visit was full of excitement and enthusiasm.*

#### **IV. BENEFITS AND RECOMMENDATIONS**

*The students found this industrial visit very useful. This visit improved the students' knowledge of various instrumentation equipment presently being used in industry. The primary objective of this visit was to make the students aware about working of various electric and electronic equipment that are used in company for production so that it may find useful to their academic project development. All were of opinion that this kind of company visit in future, would be very useful to students to learn and develop the academic projects in quite effective manner.*
